meetings, confidence building measures involving members of both communities, village elders etc., establishment of police points and pickets in sensitive areas etc.

The Union Government has also issued comprehensive guidelines to promote communal harmony to all the States and Union Territories. These contain steps to be taken with regard to prevention of communal riots, provision for relief/rehabilitation to the victims, effective utilization of Peace Committee mechanism in defusing the communal tension, restoration of normalcy in the affected areas, etc.

Policemen killed during naxalite activities

†*31. SHRI JANESHWAR MISHRA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether it is a fact that naxalite activities have increased manifold in the country during recent days;

(b) the details of naxalities and policemen killed State-wise and year-wise during last five years; and

Objections to Electricity Bill, 2003

*32. SHRI P. PRABHAKAR REDDY: Will the Minister of POWER be pleased to state:

(a) whether it is a fact that sometime back, the Chief Minister of Andhra Pradesh raised some serious objections with regard to the Electricity Bill, 2003 passed by Parliament;

(b) if so, the details thereof; and

(c) Government's reaction thereto and action taken/proposed to be taken thereon?

THE MINISTER OF POWER (SHRI ANANT GANGARAM GEETE): (a) and (b) The Chief Minister of Andhra Pradesh in his letter to the Prime Minister has supported the overall objectives of the Electricity Act, 2003, which is a critical legislation to facilitate development and improved management of the power sector by promoting measures conducive to promotion of competition and encouraging private participation, and raised some concerns about some of its provisions. While supporting open access, concern has been expressed regarding the liberal definition of captive generation, exemption from surcharge for such captive generation to take care of cross subsidy, provision relating to parallel distribution networks in the area of existing distribution licensee, operational provision relating to theft and period of disconnection.

(c) The Electricity Bill, 2001 was introduced in the Lok Sabha in August, 2001. This was evolved on the basis of a broad consensus after detailed and in-depth discussions with the States and all other stakeholders. The Bill had, along with other progressive features, the provisions for captive generation being freely permitted and having right to non-discriminatory open access through the grid without payment of surcharge and also for more than one distribution licensee operating in the same area of supply.
